## WE NOMINATE

George Jerome Waldo Goodman, a wonderfully talented literary craftsman and the modern-day "Adam Smith," who some two years after he assumed the name of the 18th century English economist stands at the top of the nation's best-seller lists as author of the irreverent and yet penetrating book about Wall Street, "The Money Game." It was here in Princeton last summer that the 37-year old Goodman, a native of St. Louis, Mo., put together in book-form the "Adam Smith" pieces he began writing for fun over weekends and about half of which had been previously published in the New York Magazine.

It was early last month, a week or so following Random House's publication of "The Money Game," that the Princeton resident's literary veil was lifted. The generally staid "New York Times" thoroughly enjoyed itself. On the page facing a highly favorable review the headline read: "Adam Smith Dolls His Wall St. Mask; Twitter of Financial Foibles, an Editor, Has New Book." The Times went on to confirm that behind Adam Smith lies the editor of The Institutional Investor, a successful investment magazine for professional money managers, who is also a competent and successful novelist as well as a member of the editorial board of New York Magazine.

The choice of "Adam Smith," so the story developed, was made by Clay Felker, editor of the New York Magazine, who helped launch Goodman on his magazine career. The author had suggested Procrustes, the highwayman of Greek mythology who placed his victims on a bed of iron, stretched them if they were too short or chopped off their feet if they were too long. "It seemed appropriate for Wall Street," Goodman observed, "but Mr. Felker felt there weren't enough readers with enough background in the clas-

sics to get the point. As it turned out, many readers thought 'Adam Smith' was just another writer called 'Smith.'"

Goodman, who continues to use Adam Smith for his regular column in the New York Magazine and for articles he writes for The New York Times Book Review, was graduated from Harvard with the Class of 1952 and moved on to Oxford University as a Rhodes Scholar. Out of his Oxford years came his first book, a novel about a Harvard graduate called "The Bubble Makers" and published in 1955. Later he wrote two other novels, "A Fine for Paris" and the well-known "Wheeler Dealers;" collaborated on a mystery, "A Killing in the Market;" and even tried his talents with a children's book, "Bascombe the Fastest Hound Alive."

Between publications, literary observer Lewis Nichols recently pointed out, Goodman was on the stalls of a number of leading magazines, including Time, Fortune, Barons and Collier's. He went to Wall Street in 1960, working with a mutual fund; left to go to Hollywood to do the screenplay for his "Wheeler Dealers." He remained on in Hollywood, doing other screenplays, TV pilots and the like, before returning to New York City in 1965 and then gravitating to a 10-room house "in the wooded fringes of Princeton" where he lives with his wife, a former actress, and two youngsters, Mark, 5, and Suzanne, 4.

For producing in the estimation of one top-flight critic "a totally absorbing book" which is "lively, wise, horrifying, full of wonderful irreverent stories, irregular rules of play and truth;" for giving the nation's normally harassed newspaper readers an opportunity to relax and to relish "Adam Smith's" sudden return to eminence; he is TOWN TOPICS' nominee as

**THE WAITING GAME**  
Countdown For Home: The Princeton serviceman is just like any other. He's between 17 and 23. He won't wear his uniform on Nassau Street. He's as restless as a cougar when he's home because "nobody's around."

One by one, he has left for the training camps, later for Germany, or more likely for Vietnam. He returns at quietly as he left, no flags, no bands.

If you're near the Turnpike entrance on a Sunday afternoon, you'll catch a rare glimpse of him in his uniform, waiting for buddies to come through from Philadelphia or New York on the way back to the base. If he's a marine, likely he's "swooped" from Cherry Point or Lejeune in a high-speed, all night ride just for a weekend home. ("I know a guy who never hits a red light.")

You get a starting, one minute look at his world when the southbound Penny pulls into Trenton at midnight. Sundays. Car after car filled with sprawling sailors and soldiers, their hats crumpled over their eyes, tired-faced girl-wives with babies on their laps, duffle bags, sea bags, suitcases, guitars piled on the racks, the floors the vestibules.

Vendors hawkling sandwiches and softdrinks. And the train, which barely stopped, picks up speed, the young faces blur, and are gone.

**His Outlook On War.** Today's serviceman has one of three attitudes towards the Vietnam war: it's a challenge, it's "a job to do," or it's a deadly bore. He calls the career soldier a "lifer."

He often writes a fast-pitch letter (implying how handsome he is) to middle-aged Princeton women who have taken his name from the TOWN TOPICS list (see page 26) and neglected to clue him in. He writes letters home giving the exact tally of days left to serve.

For some, the tally is near, by a thing of the past. SP-4 Greg Staats, son of Mr. and Mrs. Vincent Staats of Harris Road, has just come back after a year in Vietnam. He was stationed at Dak To, Pleiku and Kon Tum in the Central Highlands, where he

**BIRTHDAY CARDS** are in order for SP-4 Thomas Callaghan (left) of Mountain Road who will mark his 21st birthday on August 17 in Vietnam, and for Pvt. Jeff Klockner of Denow Road, Lawrenceville, who will be 20 on August 29 at Bien Hoa. (Addresses are listed on page 26.)

served as an ammunition handler, an APC tank driver and battalion mailclerk in the Army's 88th Service and Supply Company. When his leave is over, he reports to the 38th Replacement Center at Ft. Bragg, N.C.

Also home on leave is Warren Counts, son of Mr. and Mrs. John Counts of Skillman, who spent a year at Bien Hoa, where he was wounded during the Tet attack. He has eight more months to serve.

**Well Decorated.** Two bronze stars and a silver star have been awarded since January to First Lt. Hugh C. Hoffman Jr. of Orchard Lane, Lawrenceville, who is due to arrive in Seattle on August 2. He was a platoon leader with the Air Cavalry on the push to relieve the marines at Khe Sanh.

During his year in Vietnam, he took part in the Air Cav sweep of A Shon Valley. The son of Hugh C. Hoffman of Opinion Research, he will be stationed in Phoenix until his discharge in January.

The countdown for home is over for Tim West, 20, son of Mr. and Mrs. Don West of Craven Lane, Lawrenceville. A cannoner in the 3rd 155 Gun Battalion of the 11th Marines, he was in Vietnam for 21 months of his three-year enlistment. He saw action at Chu Lai, Quang Nai, Dak Bo, the MeKong Delta and Danang, and is now a student at Mercer County Community College.

Barry Ellsworth, 22, on the other hand, ends his count-

only 16 to go. "Sixteen days a go!" is the word by airmail from two Marines scheduled to leave Danang this week. Cpl. George Barclay, son of Mr. and Mrs. Thibor Barclay of Lawrenceville returns after a year with the 3rd Marines. He was at Khe Sanh during the height of the siege. He plans to return to Rutgers this fall. PFC Geoffrey Miller of Mr. Lucas Road served in Okinawa and at Phu Bai, north of Danang, in the 1st Marine Air Wing.

Vietnam service is just beginning for 2/Lt. William S. Smoyer, who left several weeks ago to join the 1st Marines at Phu Bai. The son of Mr. and Mrs. Stanley C. Smoyer of 86 Olden Lane, he received his training at Quantico, Va.

Miss Nancy Smoyer, his sister, returned in May after a year with a Red Cross clubmobile in Vietnam. The unit was at Cu Chi for a while, attached to the 24th Infantry Division, and later at Danang, base of the 1st Marine Division. In Danang, she saw Mrs. Charles Caldwell of Princeton, who is well into her second year with the USO at China Beach.

SP/4 Richard A. Cook, 20, son of Dr. and Mrs. Edgar L. Cook of Rocky Hill, won the expert rating with the M-14 rifle at Ft. Dix, was sent to Veterinary school in Chicago and is now stationed at the Norfolk Naval Station and charged with most inspection for the Army at a center 40 miles away. "We were in the Army for 18 years," Mrs. Cook says. "Nothing surprises me about the Army."

Captain Ben Olsen, recently a member of a specially trained and equipped security force at Phu Cat Air Base, has returned from Vietnam to Spokane, and is now stationed in Hawaii. His parents, Mr. and Mrs. Ben Olsen of Griggstown, caught up with him briefly in Spokane.

An ex-serviceman who saw considerable action in Vietnam plans to get married next month, a few weeks before his 21st birthday. His father told TOWN TOPICS, "I said to my wife last night, I think we worried less about him when he was in Vietnam!"

**ACTION AND WINNERS IN PLAYGROUND OLYMPICS.** Boys and girls from all nine Princeton playgrounds participated Friday afternoon in the Playground Junior Olympics held at the PHS field and sponsored by the Princeton Rotary Club and the Recreation Department. In the upper right photo are four finishers in one of the 50-yard dash heats. From left are Myrlam Stettler, 11; Barbara Miller, 8; Menia Wert, 9; and Julie Miller, 10. In another dash heat among midjet boys 11 and under, one lad has a commanding lead — but was disqualified for stepping out of his lane. At lower right is Peter Soderman, 11, who placed first in both events he entered, the broad jump and the softball throw for accuracy — both in the midjet division. In the center are Bill Stillman (left) who won the senior boys (14-15) basketball shooting contest, sinking 16 of 20, and Mark Anderson, who captured the senior boys' softball pitch for accuracy. At right is Tracy Ivan who placed third in the midjet girls' 50-yard dash. The meet was won by Grover Avenue which amassed 155 1/2 points. Harrison Street Park was second with 97 and Princeton High School third with 65. Winners qualify to compete in the state Junior Olympics to be held next Wednesday in Livingston.

**TOWNSHIP BEGINS QUEST**  
For Housing Funds. With the question of a Housing Authority settled, Township Committee Monday night set out to clear the next hurdle in its quest for funds to finance its low-income housing, the presentation of a "workable program" to federal authorities.

Mr. Nini then reported on a visit that he and Township Attorney Gordon Griffin had made to the Department of Housing and Urban Development in Philadelphia to learn details of what is involved in a "workable program." This program must be presented to federal officials for certification before any funds may be allocated.

In basic terms, the Township must conduct a complete analysis of itself with respect to its physical and social characteristics, along specifically prescribed lines. Five codes and ordinances must be on the books: Building, fire, housing, plumbing and electrical.

Neighborhood Analysis. The Township has all but the last, which is contained in the housing code; however, a separate electrical code will have to be enacted, Mr. Nini reported. The requirement for a comprehensive community plan will be met as soon as the traffic circulation section of the new master plan is approved.

Federal rules insist that neighborhood analysis must be undertaken specifying the blighted areas and the causes of the blight. "We stressed that we do not have a blighted area in the Township," Mr. Nini commented. "But, this still will have to be undertaken. Figures must be gathered on income levels and density of homes in each area. This could take some time to prepare," Mr. Nini added.

Other requirements include an adequate administrative organization to carry out the program once it is approved, a program for financing plans for families displaced, and a citizen's advisory committee.

The Township would have no problem with displaced families, since it does not plan to demolish any existing homes, Mr. Nini pointed out. The citizen's committee, appointed by the Mayor, must meet at least four times a year.

side whether to enact a dog ordinance or not. Committee has asked to be kept informed of the number and type of dog incidents in the Township. The current report compiled by Lt. Richard V. Steiner lists nine dog bites and attacks, three attacks with no bite, two dogs in garbage, one dog chasing a car, three dogs howling, and one dog damage to plants.

**"IN COMPLETE ACCORD"**  
Borough Backs Action. The Borough Housing Authority found no opposition from the Mayor and Council last week when it brought up the matter of extending its operations in to the Township.

"The Borough and Township are in complete accord that it is the proper authority to handle the housing in the Township," Mayor Patterson reported Tuesday.

He noted that the Borough Housing Authority has a statutory right to decide on its own "but as a matter of courtesy, met with us to get Borough permission."

Currently, Borough housing for the elderly operates under a set of H.A. rules, which include giving preference to Borough residents. "The day it becomes the housing authority for the Township does not mean that Township residents will have the same priority in to Borough housing as Borough residents," the mayor said.

Looking at the future, speculating that the Township units likely will be more expensive because of higher construction costs and farther away from shopping areas, he added, "We won't know until the project is built and people are there, whether it would be better to exchange people for people."

Is it cooler where Tiros, Echo II and their associates are gliding around the earth? The Man said he'd go see.

against the Princeton Shopping Center on charges of failing to maintain its off-street parking lots has been postponed two weeks. Originally, scheduled to be heard this Wednesday, July 17, before Township Magistrate Glen B. Miller, the case has been put off to Wednesday, August 7.

William H. von Oehsen Jr. of Mason, Griffin and Moore, said he agreed to the adjournment because the Shopping Center was showing an apparent willingness to correct the situation, and the owner George Warnecke had just recently received the summons.

"Some temporary repairs have been made," Mr. von Oehsen said, "and the Center has sent out specifications for bids to resurface the parking lot." He also reported that the Center's attorneys, Piney, Hardin and Kipp or Newark, said they had not had enough time to study the facts contained in the summons.

Mr. von Oehsen said that another two-week adjournment might be granted or if the Center was in the process of

making all the necessary repairs, the Township might petition the Judge to have the complaint withdrawn.

#### PROGRESS REPORT DUE

At Recreation Meeting. R. Donald Barr, director of the Princeton Recreation Commission was scheduled to make a progress report on the refreshment area at the Community Park pool complex this Wednesday evening at Princeton High School.

Actual construction of the refreshment area has been completed, but Mr. Barr reported that he is waiting for clearance from the Township Board of Health concerning what type of food is to be served before advertising for bids to vending services to cater the stand. He added that he hopes the stand will be in operation by August 1.

Also on the agenda are the latest figures on pool attendance and receipts. Mr. Barr acknowledged that the large number of those taking advantage of the two daily free swim periods—more than 4,000—has cut the expected income from season tickets. He estimated that \$5,000 must still be taken in to meet operating costs, nearly all of which will have to come from daily admission fees.

### 4,000 SIGN PETITION

For Rockefeller. Petitions bearing the signatures of more than 4,000 Princeton area residents will be released this weekend to the New Jersey delegates of the Republican National Convention.

The petitions, gathered by the Princeton "Rockefeller for President" organization, are part of a nationwide drive which will end Saturday when they will be sent to Republican delegates in all 50 states.

The Princeton signatures have been collected largely through the efforts of a young group named the "New Majority for Rockefeller." Chairman Sheila Holman reports that her associates obtained the signatures by canvassing the business area during the past two weeks. The petition states: "I want the Republican Party to nominate Rockefeller. Any Democrat, Republican or Independent is eligible to sign."

In addition, the organization is hoping that more names will be added in the next few days through a new campaign that will funnel calls into the Rockefeller headquarters here at 8 Nassau Street.

"The tide has turned," says Miss Holman. "It seems that Rocky has really caught on in Princeton. We've always been trying to contact people to tell them about our man but this week we've had more people calling up to ask how they can persuade the delegates to

vote for him. Our new system should help those people immensely."

Under the new plan, a Rockefeller supporter has merely to call the Rockefeller number in Princeton, 924-2058, to obtain a list of delegates to write, a sample format and an offer of stenographic help. It has been termed the "Tele-delegate-phone-system."

Formed just three weeks ago, the young group has grown to a force of some 40 members between 12 and 28. One politico explained, "We got to do his thing. We hope we can help our country this way."

### 10,000 LETTERS GOAL

For McCarthy Forces. McCarthy campaigners in the fourth congressional district are staffing tables in the area's major shopping centers in an effort to have letters mailed to Governor Hughes by convention time, urging the state delegation remain uncommitted or committed to McCarthy.

A workshop conference for state high school leaders was held Saturday at the home of Mrs. Percy Wood, Hodge Road, to brief students on procedural techniques in the letter writing campaign. Speakers included Ernest Gordon, dean of the Princeton

University Chapel, David Wolf, a letter-writing coordinator for Princeton, Dr. Jefferson Carter, a historian at Rutgers University, and Dorian Dale, a McCarthy coordinator from New York City.

Other coordinators from Princeton are Ed LoPatin and Richard Smith. Planned for the future are telephone trees and letter writing parties.

### RECEPTIONS PLANNED

to meet James A. Flay I and Thomas B. Hartmann, candidates for Township Committee, will be held Sunday from 4 to 6 a. m. at the home of Mr. and Mrs. John Ellis, Journey's End Lane.

The Ellis home is located in the Township's sixth district. Refreshments will be served. Those wishing to meet the two candidates next Sunday are invited to call Mrs. William P. Starr, the hostess, at 921-2297 or Mrs. Jordan M. Young, co-hostess, at 921-6531.

**TRENTON MAN INJURED**  
 In Route 206 Crash, A Trenton man was injured Saturday shortly after 10 p.m. when his car collided with another on Route 206 some 450 feet north of Ewing Street. Michael J. Burnat, 41, was treated at Princeton Hospital for a severe laceration of his left arm and multiple abrasions of his right arm.

**RECEIVES LIFE MEMBERSHIP IN AMERICAN LEGION:**

The second driver, Miss Kathleen Lacey, 18, of Bunker Hill Road, told Township police she was driving north on 206 about 40 miles per hour when suddenly a car, coming in the opposite direction, headed toward her. She veered to the right but was unable to avoid an accident, she said. She was not injured and able to leave the scene under her own power.

Mr. Burnat told police that his left front tire had blown out, causing him to lose control. His car traveled 350 feet after the point of impact, ending up 32 feet off the road amidst a cluster of trees. A long the way, it struck one large tree solidly before glancing off.

The next day, police had the left front tire and rim of Mr. Burnat's 1962 sedan removed and examined. Their investigation revealed the tire was extremely hard and in overall bad condition. There was no break in the tire, police said. "The tire definitely did not blow," said Ptl. David Wilbur, who is investigating the accident. He reported charges against Mr. Burnat are pending. Police also revealed the Burnat car had been examined by a state motor vehicle inspection station 13 days before the mishap. The car failed inspection when it did not meet the required standards for steering and suspension, brake equalization and headlights.

**Six Sutures Required.** Six sutures were required to close a scalp laceration that Marvin H. Carmean, 23, 46 Wilton Street, received when his car went out of control Saturday on Avalon Place. Mr. Carmean told investigating officer, Ptl. Thomas Michaud, that he did not remember what happened. Following their investigation, police believe his car hit the north curb 45 feet west of Chambers, jumped the curb, knocked down a "no parking" sign and skidded sideways along the sidewalk for 90 feet.

I keep track of every Penny!

Today's housewife has a big business on her hands. Buying for the family is almost a full-time job. On how well the wife manages depends much of the family's financial stability.

An important way in which the modern housewife keeps track of every penny she spends is to maintain her own personal checking account.

Paying by check — each and every purchase is recorded. No question about the bill being paid, when there is a cancelled check to prove payment.

All the same benefits which business finds so useful in paying by check are yours, as a housewife, when you open and maintain your own personal checking account at the Princeton Bank.

The cost is moderate and you save time and money in handling all payments by check. Before another day of handling your vital home financial management functions — open a PB checking account.

A visit to any of the three convenient offices will start you off — right!

alarm. The fire, described by Sgt. Anderson as "apparently spontaneous," was confined to the interior of the garage. Volunteer firemen were on the scene for about 15 minutes.

Owned by the church, the garage is used as a storage area, mainly to house flower baskets used in funerals. It also contained lawn mowers and some garden equipment, police said.

Closet Fire at Hospital. A small fire in a janitor's closet in Princeton Hospital was reported Monday morning at 2:32. It was the second fire at the hospital this month.

The blaze triggered the hospital's automatic sprinkler system. That and an orderly armed with a water extinguisher put out the fire before P.I. Thomas Procaccino and P.I. Ronald Holladay from the Borough police arrived.

HOLDUP MAN JAILED For Robbery Here. An accomplice to the 1972 robbery on June 14 of the Western Union office, 29 Witherspoon Street, has been sentenced to an indeterminate term in a state reformatory.

Richard J. Dunham, 21, of New Brunswick, was sentenced Friday by Judge Samuel D. Lenox Jr. in Mercer County Court. Police said Dunham had pleaded guilty to the robbery here, following his arrest two weeks after the crime in New Brunswick.

Dunham and a 16-year-old juvenile from Milford entered the Western Union office here and forced the night clerk, Rene C. Williams of Levittown, Pa., to hand over the money. The juvenile was reportedly armed with a .22 caliber pistol. He was arrested several days later when he was tried to hold up a New Brunswick Western Union office.

The juvenile was identified the next day by Mr. Williams, who had been brought by Princeton Borough police to New Brunswick. Dunham was picked up two days later after he had been observed in the area where the juvenile lived.

## Doing Their Thing

Prison for a moment. Which would you rather do? Sail a 13-foot boat around the world, water ski from New York to Florida, dribble a basketball from Philadelphia to New York, or bicycle from New York to California?

Since the first three had all been accomplished within the last couple of years, the Frederick Bauer family, 63 Jefferson Road, has been assigned to discover America from a bicycle seat by way of New York to Los Angeles. Mr. Bauer, 34, is managing editor of "Guideposts," a non-denominational religious magazine.

Actually the feat of covering the country on a two-wheeler has probably also been accomplished before but certainly not by a family of four, the youngest of whom is 3. There is also a pet turtle named Uncle Louis.

Surviving a few misfortunes such as a broken gear shift, a bent wheel and a flat tire, the Bauers passed through Kansas City Sunday just short of the half-way point in their ten-week journey. They left Staten Island on June 7, and picked up Uncle Louis in Washington, Pa.

Cycling with Mr. Bauer are his wife Shirley, and two of their three children, Laraine, 13, who will enter Princeton High School in the fall, and Stephen, who celebrated his 11th birthday on the road June 25. Observing the passing scenery from a seat on his father's bike is three-year-old Christopher.

The family, which trained on roads around Princeton for four months, cycles between 35 and 50 miles a day on secondary roads and Route 40. Mr. Bauer carries 60 pounds, including Christopher, while the others have 25-pound loads.

After making the 3,000-mile trip, the Bauers will get a second look at the countryside, but at a faster pace. They will return home by jet.

Princeton area for the past three decades.

Daughter of the late Thomas C. and Sara Bell Smith, she has a number of cousins as her only survivors. A graveside service was held in Princeton Cemetery, the Rev. Russell Kugan of Trinity Episcopal Church officiating. The Kimble Funeral Home was in charge of arrangements.

### ALUMNI COUNCIL MOVES

To MacLean House. The 212-year-old President's House of Princeton University, facing Nassau Street just to the left of Nassau Hall, will receive new tenants this week, as the University's Alumni Council relocates in the building where 19 university presidents lived before Princeton purchased Prospect.

The building's second and third floors have been remodelled for office use, as the renovated first floor is being maintained in its original state and will be used for meetings and conferences. In his "Inside U.S.A.," John Gunther labelled the building, to be renamed the MacLean House after Princeton's 10th president, "the most beautiful house I saw."

# MONTGOMERY TOWNSHIP

Occasionally a house comes on the market that sells itself. We have it. Situated on an acre surrounded by trees, this charming bedroom Colonial invites you to come and see and be persuaded. There is a fireplace in the recreation room where it belongs. A simple wonderful country kitchen where the family eats their quick meal, and a more formal dining room for leisurely dining. The simple dignity of the living room completes the charm that pervades this house. A beautiful tranquility of the location makes this a rather good buy at \$45,000.

# It does things other small cars shouldn't do.

Cornering at high speeds is one of the last things to expect small cars to do, successfully. Unless it's a SAAB, the out-of-the-ordinary small car. Out of the ordinary because it has front-wheel drive. So it doesn't push you around like others do. It pulls you around corners, curves and other drivers' mistakes. Is that all SAAB has? Not on your life. Most ordinary cars don't give you, even as options, all the standard SAAB safety features.

As an optional extra, our new V-4 engine has a LIFETIME GUARANTEE.

Small car doesn't mean small. You can drive it like a big car.

# America by Austin. The first car built to be a second car.

Up until now, you didn't have much choice when it came to a second car.

You could buy a new one-and lay out a big chunk of cash. Or you could settle for a used one-and spend a bundle trying to fix it up.

Now there's the America. It's roomy without being big. Economical without being small. Dependable without being lifeless.

If the America sounds like a perfect second car, it should. It's built that way.

# 'Saints Come Marchin' In' against Leukemia

## Dixieland Party Planned as Fund-Raiser

**LADY WITH A MISSION:** Mrs. Edward Farrell, founder of the Mercer County leukemia organization, is shown giving an award to John N. Hoff, vice-president of the First National Bank of Princeton, for his work as treasurer of two leukemia fund drives. Dr. Harvey Rubberg, a member of the Leukemia Society, is at the right.

While you listen this Saturday night to the happy Dixieland music of the "Sons of the Whiskey Rebellion" as they play for the annual Leukemia Society party, think about Joan Farrell and what she is doing to help scientists close in on leukemia.

The Dixieland party will be given in the Kiss Barn, Belle Mead, from 8 p.m. at \$5 per person, refreshments included. Mrs. Farrell hopes to count more than 200 partygoers.

She is the prime organizer for the party. Naturally. Since she was the organizer, two and one half years ago, of the Mercer County Auxiliary Leukemia Society which is sponsoring the affair.

The party will come on the crest of success: the first auxiliary fund drive to be run entirely by volunteers, has already collected \$12,000, and one-third of the fund's kits are still to be returned. The sum includes \$563 collected in only four and one-half hours during a crash "Tag Day" solicitation in four small shopping centers and one small town.

Five Years Ago... Mr. and Mrs. Edward Farrell live on Canoe Brook Drive in West Windsor. Five years ago, they lost a young daughter to leukemia after a two-year battle. Mrs. Farrell's dedication began then.

Today, Joan Farrell is more than a successful fund-raiser, more than a successful organizer. She is a strong, knowledgeable woman to whom afflicted families turn for help and spiritual support.

A striking young woman with the face and figure of a model, she has an astonishing layman's knowledge of the complexities of leukemia and related diseases. "I keep up with all the research because I still feel so much involved," she explains. "Parents whose children have leukemia come to me with questions and problems and either I have the answer, or I know who does."

A Princeton physician who is a specialist in the disease always calls Mrs. Farrell if he has a new patient he thinks might need financial help or a mother and father who desperately need someone to talk to, someone who has been through it herself.

**Name Change Planned.** The Mercer County Auxiliary (Mrs. Farrell hopes to change the name because "Auxiliary" sounds like "women only") is a branch of the Southern New Jersey Chapter of the Leukemia Society of America.

Mrs. Farrell was asked to form the Mercer group by the virologist Dr. Ray M. Duncanson, who knew of her deep interest in "closing in"

on leukemia—and her skill as an organizer.

She served as president of the Auxiliary until January, and is now a director and also a member of the executive board and secretary of the Southern New Jersey chapter.

What does the Auxiliary do besides raise money?

"Our platelets program is a very exciting thing," Mrs. Farrell says with enthusiasm. "A mother in this area who had a child in Memorial Hospital in New York told a doctor there about our Auxiliary, and he asked me to set up his program. We didn't bother to go through channels' with our parent society we just went ahead and did it."

Mrs. Farrell explains that a leukemia patient will often hemorrhage because he doesn't have enough platelets in his blood.

**Procedure Outlined.** Under the Auxiliary's program, people living in New Jersey who work in New York City firms go to Memorial Hospital as blood donors. (If only platelets are needed, you get the rest of your blood back.) In one spectacular case, 89 pints of blood were donated under the Auxiliary's program for a young patient in Memorial Hospital. A commuter who rides the bus to New York each day, once got all his fellow commuters on the bus to join him at Memorial, sleeves rolled up.

Mostly, however, the Auxiliary simply does whatever is needed. A teenage girl who lost all her hair as a side effect of drugs got a free wig because Mrs. Farrell and her associates explained the problem to a local hairdresser.

Patients are driven to doctors' offices... mothers and fathers are driven to New York to see a child at Memorial Hospital... families who cannot cope with the expensive drugs and hospital care required in leukemia treatment receive financial aid.

But 60% of our money—the money in the national society, that is—goes into research," Mrs. Farrell says. "Our society gave the grant to the Wadley Research Institute that resulted in this new drug—L-asparaginase, that holds such a exciting promise. I made a field trip to Squibb and learned so much..."

The Farrells have lived in West Windsor for over eight years. Mrs. Farrell is with Permacel. They have four children: Kevin, 13, has just been graduated from St.

**Aid to Dogs Is Urged.**  
To the Editor of Town Topics:  
Following is a letter I have received from Mrs. Elda Lutz, a former resident of Princeton who was here when the three men from Arkansas were arrested for the manner in which they transported dogs to a Princeton laboratory:

I was glad of the opportunity to speak to you, after reading your letter to the Editor in Town Topics.  
Cleveland Amory discussed this case of the Trenton Society for the Prevention of Cruelty to Animals against the dog haulers on Friday, June 28 (Channel 6, 12 o'clock noon). He did not go into detail because the case is so important, and that we must do all we can.

What Can We Do? This is what I think:

1. Support by contribution, no matter how small, the Mercer County SPCA, Mrs. Helen Jones, Knockner Road, Trenton, New Jersey. I sent them \$10.  
2. Contribute to the New Jersey Branch of the Humane Society, 1140 East Jersey Street, Elizabeth, New Jersey, 07201.  
3. The Executive Secretary, Mr. Don R. Maxfield, if he has suggestions on how to secure the release of all the dogs, all "accessories," should the public be urged to attend the trial the week of August 27. What are the specific details? Their next hearings will, I am sure, call specific attention to this case.

3. Talk to people in Princeton. Round up as much disapproval as possible of the dog haulers, the dog handlers during transportation, the Princeton Laboratory that received the dogs, all "accessories," in this case of outrageous cruelty to animals. Bend every effort to secure the release of over 200 dogs.

4. Tune in on Cleveland Amory over TV (Channel 6, 12 noon). He will have tips on how to help. Also, be advised: I tenders us to how, in general, to help fight against cruelty to animals.

5. Continue to write to newspaper editors, congressional representatives, urging them to support this fight against cruelty to animals. Work with local

animal societies in the Princeton area. Many dogs are used for research in Princeton and many are transported from other states; some are dog-napped, some are lost pets, just picked up. Dognapping is punishable by federal law.  
We must work now, before this case comes up for appeal on August 8.

**Too Tame for Toddlers.**  
To the Editor of Town Topics:  
Plastic bubbles were banned from the big swimming pool last week. This was because the fact that there is no adequate provision for the age group 4-7 years old: The toddler's pool is too shallow and too "tame," the big pool, 3 1/2 ft. in the shallow end, too deep.

There is a meeting of the Recreation Commission on Wednesday evening, July 17, at 8:15 p.m. in the social room at the High School. I hope other parents will join me in bringing the problem to the attention of the commission and seeking a temporary, and a long-range solution. If unable to come, phone Mr. John Conroy, chairman, at 924-5432 or Mr. Barr at 921-9480, and express your views.

**UNICEF Seeks Contributions.**

To the Editor of Town Topics:  
During the past year civil war has been raging in Biafra, has tried to succeed. Because this is not a great struggle between Communism and Democracy, little attention has been paid to the suffering in this African country.  
But recently the extreme famine that is threatening this nation has been publicized by the International Red Cross. It is estimated that in Biafra alone 3,000 persons are dying daily of starvation.

UNICEF is working with the Red Cross and other agencies in an attempt to alleviate some of this starvation. An emergency fund has been started for aid to mothers and children on both sides of the conflict. Because of the intensity of the famine, every cent and every day count in the number of people that can be saved. Contributions marked For Nigerian Relief should be mailed to: UNICEF, c/o United Nations, New York, N.Y. 10017.

**Rifle Association a Menace.**

To the Editor of Town Topics:  
The effort of an established majority of the American people to try to get Congress to act in their behalf concerning the licensing of gun owners, the registration of guns, and the banning of interstate sales of guns, is an effort that seems not to be achieved so long as the National Rifle Association is able to successfully frighten its members, and apparently get to certain of our federal legislators.

The NRA is a tax-exempt organization, and is not sup-

posed to be a lobby. Why can not this status be questioned in view of its activities, and why cannot the Supreme Court be called on to give a decision concerning this very grave matter?

Those people who merely want decent protection and a way of tracing gun ownership can cite overwhelming evidence that a sound program of gun control is the only modern and civilized means of co-existing in comparative safety with explosive firearms. We are not a frontier society, except perhaps and sadly, in fantasy.

We have police, a National Guard in all states, and the armed forces. And why should sportsmen object to having a license to hunt as well as to fish? Unless there is something fishy outside the state of Denmark. There is very little doubt it is big money interests.

**UNITED AFTER 13 YEARS:** Forty-three years ago, Frank Sapientis (right) of Frank's Shoe Repair, 6 Spring Street, said goodbye to his five-year-old brother, Vince, in Italy. The two were reunited last month when Vince emigrated to this country from Argentina. Brother Frank has been operating shoe repair stores at various locations in Princeton since 1939. (Staff Photo)

in the center of the park. The citation with past policies can hamper the effort.

It is to urge you to heed this popular cry for change that I am writing to you now, as many other concerned citizens have already done. The peril in ignoring the widespread dissatisfaction with the present Administration's policies cannot be overestimated; the nomination of Hubert Humphrey would almost certainly result in the disaffection of a large bloc of Democratic voters, and there is no telling what might happen if the election were thrown into the House as a consequence. And, even supposing that Mr. Humphrey were somehow to accede to the presidency, surely he could not plot out the new course our country so desperately needs as quickly as someone who is not bound by loyalty to defend the actions of the past.

So I beseech you, in heading our state's delegation to the convention in August, to listen closely to the voices that speak for change and, at the very least, to work to keep the convention open so that the final ballots cast may be truly representative of the sentiments of the people they are supposed to echo.

To the Editor of Town Topics:

Following is the text of a letter I sent to Gov. Richard J. Hughes today.

The remarkable demonstration of support for Senator McCarthy's candidacy in the primaries and, most recently, in New York should make it abundantly clear that what the rank and file of the Democratic party—and indeed, this country as a whole—wants is not "more of the same" with Hubert Humphrey but a genuinely fresh approach to the many problems besetting our nation, an approach that only someone not burdened by asso-

## SPORTS in Princeton

**EAGLES IN TWO UPSETS**  
To Share PBA League Lead. A pair of upsets, both engineered by Eagles over Engine No. 3 and Hook & Ladder, plus another loss by Hook & Ladder to Engine No. 1 and an Italian-American Sportsmen upset win over No. 1, highlighted activity last week in the PBA Youth Baseball League. Off its two upset victories, Eagles tied Engine No. 3 for the lead as both own 41 records.

Eagles pounded out 14 hits to hand Engine No. 3 its first loss, 11-2. Dan Delveccio and Eddie Volz had three hits each, and John Madden two as the Eagles scored five runs in the third and four more in the third. Ninety-year-old Joe Hermann, who pitched his first PBA game, gave up only three hits to No. 3 and struck out eight.

In another win, the Eagles managed to outlast a four-run Elks rally in the last inning for a 9-8 victory. Jeff Kingstley won his second game with a loss, striking out nine Elks batters. He also chipped in with a double and single at the plate. Tom Moran and Buddy Klier combined for five of the Elks' seven hits.

Earlier, the Eagles defeated Hook & Ladder, 4-3, for their second one-run victory and third of the week. George Reynolds hurled the upset, fanning seven and yielding just three hits.

At the plate, Reynolds tripled and Ed Volz had two hits for Eagles. Andy Bolter led H&L with a run-scoring triple.

No. 3 Wins Two. Engine No. 3 won its remaining two games however, to keep pace with Eagles. It shut out Engine No. 1 5-0 and stopped Roma Eterna, 7-4.

John Mooney was credited with the shutout, the fifth consecutive time he has mastered No. 1. John struck out 13 and allowed just two hits, one each to Ron Campbell and Dave Harwood, in the five innings he worked. He also went 2-for-4 at the plate. His counterpart, Bob Speagle, appearing in his first game of the season, fanned 10 and was touched for six hits.

Mike Barren's pitching and

Jamie Petrone's hitting were the big factors in No. 3's Roma victory. Barren is 2-0. Although they connected for just three hits, Sportsmen walked away with a 6-3 verdict over No. 1, as the latter's mound staff walked 18. Only some fine defensive plays by catcher Tom Moore and right fielder Kevin Murphy kept the score low. Pat Kahny got the win for the Sportsmen. He struck out nine and helped his cause with a double.

In a see-saw encounter between No. 1 and Hook & Ladder, No. 1 came from behind twice to win, 5-4, although it was outlived, 10-8.

Mike Diamond and Dave Harwood pitched for No. 1, Harwood getting the win. Losing pitcher, Brian Smith whiffed 10 Elks, 2-for-3 at the plate, including a two-run homer which temporarily put Elks in the lead, 4-3. But Larry Howell's triple had knotted the score again, singles by Diamond and Harwood produced the winning run in the last inning for No. 1.

Post 76 Wins First. Pete Soderman (10 strikeouts) pitched Post 76 to its first win, a 6-3 decision over Elks. Mauro DeVincenti, John Miltach and Steve O'Neill excelled in the field for Post 76, while Bub Kiebler, the losing pitcher, had two hits for the Elks.

In other games, O'Neill pitched Post 76 to a victory over Roma Eterna, but his teammates failed to capitalize on 10 hits in dropping a 6-5 contest to Sportsmen, which garnered only three hits. Daren Perone struck out seven for the Sportsmen and teammate Mike Washkevich hit a two-run triple. DeVincenti hit one for the losers.

Aided by an eight-run outburst in the second, the Sportsmen then outlasted winless Elks, 14-10. Mike Washkevich scored 3-for-4 and Pat Kahny homered and singled for the Sportsmen. Cory Reed's triple with the bases jammed was the big blow for the Elks. Washkevich got the win; Chris Lute took the loss.

In the season's most lopsided game, Hook & Ladder routed Roma, 11-9, as Lucien Brush fanned seven. He got ample support from third sacker Diane Black who belted a 4-for-5, including a home run, and from Steve Kopp and Scott Marsh, who belted triples. Steve Howell was the losing pitcher.

The standings:

**CAN BUTCH HANDLE WILT?** Yes, in the opinion of Princeton High School coaches Archie Freeman (left) and Tom Murray. "He's boss, and that's it," says Mr. Murray, in comparing Bill Van Breda Koff to Red Auerbach. "He'll find a way to handle him if he has to," comments Mr. Freeman. (Staff Photo)

## Question Of The Week

**Question:** Do you think former Princeton University basketball coach Butch Van Breda Koff will be able to handle Wilt Chamberlain?

**Where asked:** Around town.

**Tom Murray, 115 Linden Lane, PHIS teacher and coach:** Yes. Knowing Butch personally, I think he is a real disciplinarian. He plays to win and those who play for him have to play the way he wants to play. He doesn't let personalities enter into his judgment; he judges a man according to his ability to play. He's not a hero worshiper. He wasn't with Bradley. I think he's a lot like Red Auerbach. He's boss and that's it. He's an outstanding coach, in my opinion.

**Archie Freeman, 14 Wilton Street, PHIS teacher and freshman basketball coach:** Yes. I'm sure Butch will find a way to handle him.

**Tony Ferrara, 476 N. Harrison Street, Community Park School:** I think Wilt Chamberlain is spoiled. He wants to do everything himself. I don't think Butch will be able to handle him. I think they are going to clash and one of them will have to go.

**Bob Brusch, 165 Grover Avenue, PHIS Junior:** Yes, I think he can handle him. As Chamberlain goes I don't think he'll have any trouble with Wilt. Butch will let him know who's boss. That's the kind of man he is.

**Frank Pietrinferno, owner of Pietrinferno's Restaurant, 31 Nassau Street:** I'll just say this: if anybody can handle him, it will be Butch. It will be a real good team if they can work together. Butch's knowledge and Chamberlain's skill, I hope they get along.

**Jelli Frangos, 72 Haver Drive, student at Mercer County Community College:** Can Wilt Chamberlain handle himself? Can he work on a new team with guys like Baylor and West? It'll be tough. I don't think Butch will have any problems. He's not that type of guy. If you don't do what he says, he puts the axe to you.

**Michael Marotta, Cranbury postal carrier:** From what I understand, Chamberlain is going to have to buckle down and do some practicing. He's not used to practicing so he'll just have to get to work. I guess if he buckles down the two will get along together. What if Chamberlain doesn't buckle down? What can he do? He's not like Maury Wills. You can't put him out to pasture.

**Leroy Bolden, 94 Birch Avenue, Princeton University employee:** I think they'll see eye to eye. Chamberlain is a self-made man but he's intelligent along with it. You can read between the lines. I'm sure he's the type of man who can come to some sort of agreement with Butch.

**Dio Dahon, 30 Bank Street, painter:** I think Butch will be his master. Butch runs the team. Period. He's a pretty strong-headed guy himself. He's going to be boss—or else. That's the way it should be. If he can't handle Chamberlain, he'll get rid of him. You can't have dissension on a team, not with guys like Baylor and West around. With that price tag, Butch will get \$200,000 worth out of Chamberlain or else.

**Carl MacRae, Brown Hall, campus, furniture mover:** I think the fact that both guys know what they're like—they've watched each other—if they hadn't reached some kind of agreement, agreed that there will be some give and take, then I don't think the contract would ever have been signed.

**Mike Kelly, Brown Hall, campus, bartender:** Brown Jug! I think Butch was lucky to get him. I think with the different climate, Chamberlain will have a different attitude.

The fact that Butch took him and Chamberlain accepted a contract indicates to me that Chamberlain is going to try to get along.

**David Tibbatts, 131 Randall Road, student:** I just think the Los Angeles front office will have to make a forceful contract and make Chamberlain live up to it. It would be difficult and I wouldn't want to have the responsibility of keeping Chamberlain in line. With an individual like Chamberlain, it is kind of difficult to control him. He's not a Bill Russell; he's more like a Joe Don Looney.

**Terry Davison, 85 Erdman Avenue, U.S. Navy:** Yes, I think he can. Sure Butch has a lot of spunk behind him. The people realize that and I think Chamberlain realizes it, too. I think Wilt really wanted to go to the Lakers. He wasn't happy at Philadelphia. Butch will handle him.

**Boysie Bolden, 94 Birch Avenue, car wash employee:** Yes, I think he'll be able to handle him. Butch is a pretty hard guy himself. I don't think he'll take anything from Chamberlain.

**Jesse Fields Jr., Trenton, postal carrier for Princeton Post Office:** I think so. As far as I'm concerned, Butch had

a pretty good reputation here at Princeton. He never seemed to have any problems. He was a pretty fine coach and I see no reason why he won't be able to handle Chamberlain.

**Carl Jones, Skillman, service station mechanic:** I think Wilt Chamberlain is the best there is. Yes, I think he'll give Van Breda Koff a tough time. Wilt plays a pretty fair game of ball. When you play as good as he does, you have to make a few allowances.

## Now. A car with a computer in it.

Every Volkswagen Squareback now comes with a computer.

It looks like a box, about a foot wide, and is connected to the engine in 9 places.

Let us explain, for you to.

The Volkswagen Squareback is one of the few cars in the world with a fuel injection system.

A computer was designed to control this system. To think for it.

For instance, the computer figures engine speed, engine load and engine temperature.

Then sends precise amounts of fuel and air to each cylinder.

Fuel waste decreases; mileage increases. And you'll get about 27 miles to the gallon.

What you won't get are carburetor problems. There is no carburetor. Nothing to adjust, nothing to clean, nothing to ice.

Only the VW Squareback and its sister car, the Fastback! has a fuel injection system and a thinking computer.

Volkswagens always made sense. Now they have sense.

**ASTRO, RCA A VICTORS**  
Remain Tied for Lead. RCA Astro and RCA A both posted their ninth victory against one loss last week in the western division of the Business Softball League, setting the stage for the important second meeting between the two teams this Tuesday at RCA A's field. RCA A shutout Astro, 4-0, in their first encounter five weeks ago. Astro squeaked by ERC, 7-6, last week dropping the losers farther behind in third place and virtually out of contention for the western division championship. The winners led all the way and collected 12 hits, including a single, double and four bawyer by Phil Moody. Mo Amar had a single and double.

Led by Dom Belluso and Jim Steele with two hits apiece, ERC scored twice in the fourth and added three more in the fifth on a homer by Charles Marinko. Dick Lenias was the winning pitcher. Three double plays and a good team effort sparked RCA A to a 13-4 triumph over Hopewell TV. Max Hopkins was on the mound for RCA, relieved by "Mally" Reichert in the sixth. Dave Valentine bawyer out a triple and single for Hopewell.

In the eastern division, McGraw Hill found itself with a little more breathing room in first place, defeating one of its nearest rivals, Columbian Branch, 6-1, while another, NCA, was also beaten. This left only Accelerator one game behind.

Jerry Jarocki's two run homer won the game for McGraw Hill, and Tom Wood had two safeties. Bob Lewis clouted a home run for Carbon.

NCA saw its four-game winning streak and attempt to overtake McGraw Hill halted by RCA B, 9-6. Winning pitcher Tom Ward continued his lusty hitting with

two for three and three RBIs, while Gene Polinski had a perfect four for four.

Accelerator broke open a close contest with EMR with four tallies in the seventh inning, and claimed a 10-5 victory and sole possession of second place behind McGraw Hill. John Raczek had four hits in four trips and four RBIs, and Fred Dohas smashed two doubles and a single for the winners. Dan Figueroa had a two-bagger and home run for EMR.

PMC won its fourth game of the season and moved up to tie for fifth place, beating Dow Jones, 8-3. The winners led off with three runs in the first sparked by double, by Adrian Gosselin and Chris Rich, and added four more in the fifth. Bob Gosselin and Rich went three for four. Rich rodeled and Dick Gillespie had two hits for the losers.

In other games Shell outlasted ORC, 13-10, to gain its fifth victory against five defeats, and American Cyanamid edged ETS, 8-4, and also reached the .500 mark.

## LCAR EARLY LEADER

As Second Half Begins, Behind Larry Fowler's run, 2-0 victory over the Lions Club

last week. Lucar Hardware grabbed an early lead at the start of the second half of play in the West Windsor Babe Ruth League.

John Schumacher drove in both Lucar runs with a pair of singles. Lucar (1-0) scored once in the fourth and again in the sixth.

The Lions, in turn, evened their record at 1-1 when they posed a 6-2 win over Will's Shell winner of the first half. John Drummond went the distance for the Lions, driving in two runs in the seventh with a single. Dave Manuse also doubled home a pair of runs for the victors.

Live the Lions Will's evened their record when it rebounded with a 9-2 triumph over MacKenzie Realty (0-1) in the only other game of the week. Walt Dimitruk limited the losers to four hits.

Facing Will's solid hitting attack were Jeff Welterling, double and two singles; John Hodges, two doubles; Doug Everett, double and single; and Dimitruk, three singles. Pete Zifler stroked two singles for MacKenzie.

### LAKE LOVERS, TAKE NOTE

This much admired ranch (a contemporary gem) in the Riverside area is available here for the first time. Custom built by its owner and in perfect order, we recommend it wholeheartedly.

Informal in feeling with a large dining area and some excellent paneling, flexible in its use with a large hideaway room with private outside entrance off the master bedroom, suitable for a family with 4 bedrooms and 2 1/2 baths, large family room and private screened porch.

It is also aesthetically lovely from the beautifully preserved redwood exterior to the outstanding landscape architecture and desirable with its lake view and access thereto from the rear border. Air-conditioning, carpeting, two car garage and fireplace of course. \$69,000.

Our other outstanding contemporary ranch on 1 1/4 private acres on Honey Lake must be seen to be believed. Beside 4 fireplaces and the most beautiful kitchen-sitting room we have ever seen, it boasts more imaginative features than any other ten homes. 5 bedrooms, 3 1/2 baths, fabulous family room, complete carpeting, outdoor fireplace and w.o.d.s., woods, woods. \$86,500.
